MILESTONES in History

The journey began in 1998 when the company was launched under the name Window to the World with just three staff members. That same year, a branch office was established in Delhi and the first Ambassador car was purchased. However, following the global travel downturn after the 9/11 attacks, the company made the difficult decision to wind up its operations. By 2002, Window to the World was officially closed, paving the way for a stronger vision ahead.

On 14 February 2003, the founders launched South Tourism to focus on B2B operations across South India. By mid-year, branch offices in Bangalore and Cochin were opened. Three new cars were added to support the expanding services.

The momentum continued in 2004 with the opening of additional branches in Trivandrum and Chennai. Five more vehicles were added to the fleet, and the company joined the Indian Association of Tour Operators (IATO), solidifying its professional standing in the industry.

On 15 March 2005, the company expanded nationwide through the launch of the brand Indian Panorama. That year also saw a branch office opened in Madurai and the addition of 20 vehicles to the Delhi fleet. South Tourism was officially approved by the Ministry of Tourism, Government of India.

In 2006, the company joined the Kerala Travel Mart (KTM) and expanded its fleet by 30 vehicles, marking continued growth and reach.

With the entry of Ms. Mythily Pandian in 2007, internal operations were streamlined and several new systems were introduced. The company also expanded its affiliations by joining prominent global tourism bodies including IATA, PATA, ASTA, AFTA, and TAAI.

2008 was a year of transformation. The fleet grew by 50 vehicles, including buses. Indian Panorama received official recognition from the Ministry of Tourism. An HR Manager was appointed, and a transition to paperless operations marked the company's commitment to eco-friendly practices.

In 2009, South Tourism and Indian Panorama were officially registered as trademarks. An additional 20 vehicles were added, further strengthening the fleet.

A landmark year, 2010 saw the formal registration of Cholan Tours Pvt Ltd. The brand won the National Tourism Award under the Indian Panorama label and added 50 more vehicles. The company also developed proprietary in-house travel software.

During this period, Cholan Tours received multiple National Tourism Awards and FIEO's Gold Award for Best Service Provider. The fleet grew to 150 vehicles, and the company opened new offices in Tanjore, Mumbai, Alleppey, and Periyar. Solar panel installations began, producing up to 28 KW of renewable energy. The company became ISO 9001:2015 certified and strengthened its position as a quality-driven DMC.

Cholan Tours was recognised by the Confederation of Indian Industry (CII) as one of the Top 25 Innovative Organisations and won the CII Industrial Innovation Award. The fleet grew to 230 vehicles, and a new branch opened in Hyderabad. Staff strength rose to 430, reflecting the company's growing operations and human capital investment.

Cholan Tours became a franchisee of Lufthansa City Centre and received the LCC Green Award in Montenegro for its solar energy initiatives. A mobile app for internal operations was introduced, client documentation was fully digitised, and the company earned TripAdvisor's Hall of Fame Award after five consecutive years of excellence.

The pandemic years tested the tourism industry, and Cholan Tours was no exception. In 2020, 160 vehicles were sold and staff was reduced to 60. Recovery began in 2021, and by 2022, the fleet returned to 100 vehicles with a staff of 120. The company won Best Inbound Tour Operator and Best Domestic Tour Operator Awards from Tamil Nadu Tourism.

In 2023, Cholan Tours won several prestigious accolades, including the World Travel Award as India's Leading DMC and the Economic Times Travel & Tourism Award for Inbound Operator of the Year. The Tamil Nadu State Tourism Awards honoured the company once again. The fleet increased to 140 vehicles, and staff strength reached 190. The Cholan Tours trademark was officially registered in November.

The company's fleet has now grown to 160 vehicles with a team of 300 professionals. In 2024, Cholan Tours became a member of FICCI and received the TripAdvisor Award for outstanding customer service.

In 2025, Cholan Tours experienced a year of remarkable growth and industry recognition. We enhanced our global footprint by joining ETOA (European Tour Operators Association) and were honoured with two Tamil Nadu State Tourism Awards as Best Inbound and Best Domestic Tour Operator. Our operations were further strengthened with the addition of Volvo buses and the expansion of our fleet to 200 premium vehicles, underscoring our commitment to safety, quality, and service excellence. A key highlight of the year was the launch of our Women E-Auto initiative, empowering and training women drivers.
